Dedication

Because we have found in her sincerity and capable leadership; and of her interest in the fullest development of her pupils; because she has patience which never fails; for her ability to make all her subjects amusing and useful, her unlimited cleverness, and because she is devoting her life to the good of humanity, we, The Staff, share with you one of the cherished personalities in "Your Locket of Memories", and to Mrs. Nila Turner, we dedicate the 1949 STAR.

Mr. Rube Puterbaugh,
Editor, Henderson Star,
H.S.T.C. Arkadelphia, Ark.

Dear Mr. Puterbaugh:

At a recent meeting of the LOG staff editors in the LOG office a selection for the Queen of Stars for the Henderson Star was made. The five pictures made an extremely difficult contest to judge; in fact five votes were needed to narrow the field to two girls. The final decision was just as difficult to make. When the last ballots were counted, Miss Peggy Graves had been chosen by the staff as Queen of Stars. When you announce the results of this selection, would you please give to Miss Graves the congratulations of the entire LOG staff.

Please accept our thanks for allowing us the pleasure of performing as judges, whose single regret is that the decision had to be made from photographs alone.

Cordially,

John Keverle

ATHLETICS

THE REDDIES

Remember those games that demanded that we stand breathlessly and wait for that long pass to fall into the right arms? Remember those 90 and 95 yard runs that made victory possible? Remember how Coach Wells walked up and down the sidelines as if victory was our only language? Remember how we beat Teachers 6-0, and how everyone rushed to the field after the game? All these things and many more make the Redmen stand long in our memories
in victory and in losing!

Quality printing is only one of many things that can compensate for the long hours devoted to its production. But it is certainly a necessary attribute of a successful book.

Outstanding yearbooks require quality printing and

**IT'S
AMAZING!**

Yes, it's amazing the way Lion Naturalube Motor Oil removes hard carbon from motor parts. Coming from a basically different crude oil, Naturalube's ability to loosen and remove carbon is a peculiar NATURAL characteristic not possessed by other types of lubricating oils. To restore power to your motor—to save fuel—to save wear—use Lion Naturalube Motor Oil.

CROSSETT, ARKANSAS, *Forever!*

An industrial community founded on the principle of growing and harvesting timber as a crop, the yield of which is completely utilized within Crossett's own plants devoted to the production of lumber, paper and wood chemicals.

The significance of this self-perpetuating cycle of timber growth and utilization is that it classifies Crossett as a permanent factor in contributing to the economic growth and development of Arkansas.

Editor's Note

Dreams of an outstanding annual, one giving a complete record of the school year, have mostly turned to nothing. The editor, deeply conscious of the book's shortcomings, hopes only that the '49 STAR will uphold what the faculty and student body wants from an annual and leave with the students an indelible impression of their carefree college days.

I wish to thank the faculty and student body for their cooperation in editing the 1949 STAR.

Annually yours,

Rube Puterbaugh,

Editor, 1949 STAR.
